

# Together we can make a difference

At Fuji Oil, we want to advance sustainable practices that benefit people and planet.

In the shea industry, the opportunity is there.

Do you share these values?  
Do you want to contribute  
to a sustainable future for  
global shea business?

There are several ways to  
do this.

## Become a sponsor

**€2.500** enables a cooperative to acquire essentials tools, protective gear or transportation means.

**€10.000** builds a warehouse for a shea community, streamlining their logistics and enhancing efficiency.

**€25.000** facilitates the planting and monitoring of 6.000 trees to contribute to the restoration of parklands.

## Buy our shea products

Make sure the shea used in your product is answering today's sustainability needs. An increasing demand for sustainable shea will always be a major driver for expanding sustainable shea business.
